Foreword

Memories - those yesterdays which remind us of our triumphs and dishearten us with defeats - hang like pictures on the walls of our minds. The past school year has gone all too fast for some and far too slow for others, but for all it has been busy, wonderful, sad, successful, discouraging, and worthwhile. Still who can forget its many memorable times. Each of us can cherish the sports' victories, the academic ups and downs, the friendships, and the fun, these moments will always be with us. Who can forget participating in the Homecoming activities, Organizational activities, UIL competition, Play Day, Senior Day, the Prom, and last but not least the graduation activities. That coveted diploma marks the fitting conclusion of four action-packed years.

That is what these pages are all about: highlights of a year captured by the camera's eye and the writer's pen. So here - from us, the Annual Staff, to you, the Student body of the Fairfield Independent School District - is the 1974-75 Eagle Eye. We hope you enjoy the memories it recalls as much as we have enjoyed collecting them.

Board Members Keep Busy

Students of Fairfield High School are very proud of the Board Members, because they give so much of their time in giving the students the best they can. The Students are honored to have Mr. Eugene Neal, as president. He is a busy man as well as all the other board members. Besides Mr. Neal's real estate business and being a board member, he is serving as Governor of Rotary District 587.

 PRESIDENT: G. E. Neal, VICE-PRESIDENT: Dr. Moore, SECRETARY: Malcolm Wood.

Superintendent

MR. THOMAS CAMERON

*Of
Schools*

Principal Of

The task of our high school principal, Dr. Shaver, is to organize, to plan, and to maintain proper human relationships. In these areas he finds many rewarding experiences, especially when progress can be seen. Good human relations contribute to creating a desire on the part of students and teachers to do a better job. However, his job is often a lonely one when decisions must be made and administered based upon facts which he alone will or can know.

High School

Principal Of

During his years as an active member of the Fairfield faculty and coaching staff, Mr. Born developed a deep respect for the traditions that have made the Fairfield Schools outstanding in education. When he assumed the principalship this year, he was determined that these traditions should be preserved and extended. His alert and sympathetic interest in the students and his devotion to his job hold much promise for the future of Fairfield Jr. High.

MR. KENNETH BORN

Junior High School

Principal Of

The principal of the Intermediate School, Mr. Williamson, is usually busy and deeply involved in the affairs of his school; however, he always finds time to extend a friendly hand to students; faculty, and visitors alike. There is no problem too small for him to listen to and quietly diagnose the trouble. His personality reaches into the heart of each student and faculty member.

Intermediate School

Principal Of

Holding the position of principal of the Fairfield Elementary School can sometimes be a complicated job. It requires devotion to ones work and a love of children. Congratulations, Mr. Burleson, for a job well done.

For the second straight year, the students of Fairfield High faced a new counselor. Mr. Donald McBay came to Fairfield High School from Bryan, Texas.

In Mr. McBay students are able to find answers to their various problems. A concerned counselor is a vital factor in any school.

H. D. WHITAKER - Plan A Director

The new Plan A Program, under the supervision of Mr. Whitaker, was designed to help children with learning disabilities. Many of these children simply need help with either a visual or auditory problem which has caused their school grades to suffer. Through the aid of a Resource Teacher, Counselor, and Supervisor; the child gets one-to-one individual teaching to remediate the low area and uses an educational prescription as prescribed by a diagnostician.

FHS Eagles start out a new season and a new year in 21AA District. The district was comprised of Fairfield, Teague, Groesbeck, Madivon Madisonville, Rusk, and Westwood. This redistricting eliminated Mart, Rosebud-Lott, and Centerville. The two new members of the district were Westwood and Rusk. The FHS coaches and players felt they would win the district again this year. The Eagles season was not successful due to lack of experience and the depth of players we had this year. The season was not a total loss because it gave a lot of players experience that they needed. Eagles are looking forward for the up-coming season.

FHS "Little Eagles" had a good start with a win and a tie. From then on it was disaster. Occasionally there were per plays as (Droopy) John Durham intercepting a pass and taking it in for the winning TD against Teague. The season was not a total loss for it gave inexperienced players a chance to gain experience.
